Overall congress comments:

- “Overall very well planned event thoroughly enjoyed the presentations”
- “In the last two years I think the amount of attendees shrunk a bit. Nice and Marseilles were good places. Rome was interesting but it has no beach, which is interesting for accompanying persons” (2)
- “Excellent congress with famous speakers; the pythons of world endovascular technics”
- “A congress complete in itself, with very interesting discussion periods and excellent congress staff”
- “Fair location, a too small room for conference”

Scientific comments:

- “More session on new technologies/devices”
- “I would like to have a session about miscellaneous cases and bail out procedures e.g. technical adverse events etc.”
